In my opinion, Rupert and Lachlan Murdoch, through Fox Corporation and News Corporation, are complicit in the assault on the U.S. Congress on January 6, 2021. Furthermore, they have been and continue to be major purveyors of misinformation and outright falsehoods, undermining the U.S. democracy.

It is my decision to boycott all aspects of these people and businesses, starting with the NFL Conference Championship game between the Buccaneers and the Packers, which is being broadcast on Fox. I encourage all readers to join me.

**Fox Corporation** has, since 2019, consisted of the remnants of 21<sup>st</sup> Century Fox, when Disney acquired most of it. Rupert Murdoch is the chairman of Fox Corp, and his son Lachlan is the executive chairman. Assets of Fox Corp include:

- Fox Broadcasting Company
- Fox Television Stations
- Fox News Media
- Fox Sports Media Group
- Credible Labs & Tubi

**News Corporation** is a multi-national company. According to Wikipedia, its executive chairman is Rupert Murdoch, and his son Lachlan is co-chairman. “James Murdoch resigned from the News Corp board of directors on July 31, 2020 ‘due to disagreements over certain editorial content published by the Company's news outlets and certain other strategic decisions.’” The assets of News Corp related most to the United States include:

- New York Post
- Wall Street Journal
- Realtor.com
- Move (80%)
